The question, as we discussed earlier today, is whether the recipients of the 308/309 letters from Region 5 have submitted applications. There is also a separate question that came under discussion last week regarding whether the 308/309 letters could be revised so that complete applications were required to be submitted. That question has since been addressed.

Let me know if we need to look over this spreadsheet together to figure out who has not applied.
